

### *SPECIFICATIONS FOR Conference Table*

The Conference Table top is to be made from 25 mm thick Pre-laminated board, with 2 mm thick PVC edge lipping of the same color. Leg tube is to be made from MS ERW tube connecting the top support and base. Top support is made from MS 'U' brackets ( 3 Nos.) welded to 63.5 mm dia x 1.6 mm thick MS ERW tube. This is fixed on the top of the leg tube using M12 bolt. The top support is fixed to the wooden top using self tapping screws. The structure is powder coated to average thickness of 40 microns. Base is made from MS ERW tube formed at one end & welded at other end with MS ERW tube. This is fixed with the bottom of the leg tube using M12 bolts. Height adjustment facility is to be provided. This should be finished with Chromium (thickness 0.2 to 0.5 microns) over Nickel plating (thickness 10-15 microns.). Modesty panel is fitted between the leg tubes and the top using KD fittings

Overall Size: W - 2567 mm x D - 894 mm x H- 750 mm.
